Attendance Award

The attendance award for this week goes to..
Cedar, Sycamore and Willow!

Mrs Simpson's Magic Moment

It was amazing to see the quality of all of the schools at the Chorley Dance competition yet the talent and enthusiasm which showed through from Eccleston was heart-warming. A very proud parent!

“Remember to look up at the stars and not down at your feet. Try to make sense of what you see and about what makes the universe exist. Be curious. And however difficult life may seem there is always something you can do, and succeed at. It matter that you don't just give up.” Stephen Hawking

ECCLESTON PRIMARY SCHOOL NEWSLETTER

THE HOTSPOT FRIDAY 16TH MARCH

Science Theme Week

Next week school will be taken over by the trainee teachers from the Broughton Teaching School Alliance who have planned some fantastic Science activities for each afternoon and will be supporting English and Maths learning in the mornings.

We welcome all 13 of them to the school and they have already been in these last 2 days to get to know the school and the children. It promises to be a great week and we thank in advance the students, Miss Williams who has coordinated the event and Mr Bradshaw who is bringing in a range of equipment that will literally make the children's hair stand on end!

Online Safety

Sadly this is an ongoing issue and something that we are working hard to address in school, even though most of the problems arise at home. The children were part of an assembly on Monday in which we discussed social media and talking to people online through games or social media sites. Please find the guidance above for the age restrictions for social media sites and please, feel free to use me as the bad guy if you are enforcing any restrictions from online platforms.

Age Restrictions for Social Media Platforms

(Ages specified in terms as of 2014)

St George's Day—Community Afternoon

On Monday, 23rd April, 1.30-3pm we will be hosting a special afternoon to celebrate St George's day with the elderly people in our community. There will be a choir, a chance to talk to/be interviewed by our children, refreshments and games to play. We will also be demonstrating some of our wonderful technology including the VR goggles.

If you know any elderly people who would like to attend please just let the school office know the week before.
